

5th annual edition

2020 | Romanian Health & Safety Management Forum

June 18, 2020

GovNET Live meetings

Health and safety environment is undergoing through dramatic challenges this year. The way people work, interact and stay healthy have changed forever.

This year, for the 5th edition of the **Romanian HSE Management Forum** we bring together in a novel online format industry experts, managers, health and safety decision-makers and service providers to discuss current challenges and how to overcome current obstacles and implement new ideas.

We invite you to be part of our **2020 HSE Management Forum** and share information and innovative ideas with your peers.

"Building the Future of H&S Management
through Performance and Innovation"
